

Memorial Cardiology Associates

May 17, 2022

Dear Patients,

Thank you for the opportunity to have served you and many of your friends and family members for the past 29 years as your cardiologist.

It is with a mixture of emotions that I inform you that I will be leaving Memorial Cardiology Associates, and the Memorial City and Methodist West areas on July 1, 2022. I have hand-picked my replacement and he will begin on July 18, 2022 to serve your needs. His name is Steven Pickett, M.D. I had the privilege of serving as one of his mentors during his interventional cardiology fellowship with Baylor College of Medicine and have great confidence in his skill and clinical judgment. I hope that most of you will remain with the practice and entrust your care to Dr. Pickett.

Your medical records are confidential. A copy can be transferred to another doctor, or released to you (or another person you designate) with your permission. If you plan to continue with this office, you don't need to do anything and your records will remain at Memorial Cardiology Associates, P.A. If you would like to obtain a copy of medical records, or transfer your records to another physician, please visit our website at www.memorialcardiology.com under Patient Forms, choose "Medical Records Request", print, complete, and sign the authorization form and return it so that we may transfer your records. You may fax it to the corresponding fax numbers on the form or you may email it to the email address listed on the form.

I will be forever grateful for the experiences we have shared, and the friendships we have made. We are planning to have an open house at the Memorial City office on Saturday June 25, from 9-12am for farewells and to welcome Dr. Pickett. You are all invited.

Sincerely,

Stuart Jacobson, M.D., F.A.C.C.
